

Product Specifications

AC silicon extrusion strip adopts high brightness SMD LED as sealing light source with low power consumption, anti-UV, long lifespan(35,000hrs.

Wattage: 3.66 W/ft.

Electrical: 120 ~ 277Vac, 50/60Hz Driver.

Power factor: $\geq 90\%$

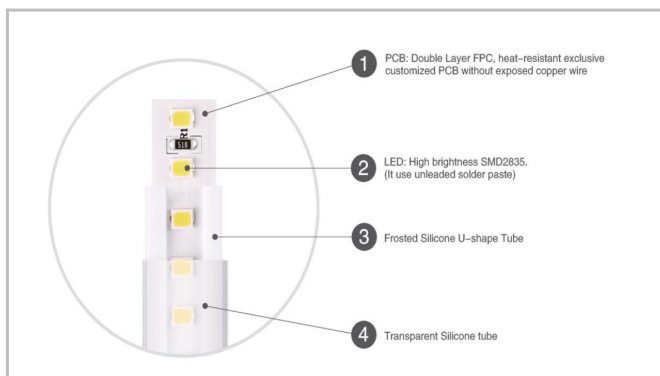

Led efficiency: 293 lm/ft.

Color temperature: 3000K, 5000K

Operation temperature: -20°C to more than 20°C

Color Rendering Index (CRI): ≥ 80

IP: 65

Ordering information

Ordering Example: ILLR8070-120V-1

	-		-		-	
Series		Wattage		Size		Color Temp
ILLR8070-120V		12 W/m 3.66 W/ft.		20 m/Roll 65.6 ft./Roll		1 = 3000K 2 = 5000K
